Explanations	

Our Company has completed the construction and installation of solar power plants (SPPs) at its Ergani and Şanlıurfa facilities in order to support sustainable energy generation, contribute to environmental protection, enhance operational efficiency, and achieve savings in electricity costs at its production facilities. The relevant facilities have been commissioned accordingly.

In this context, Distribution System Connection Agreements for Unlicensed Electricity Producers, setting out the terms and conditions for the use of the distribution system, were executed with Dicle Elektrik Dağıtım A.Ş. for each of the Ergani and Şanlıurfa facilities on January 31, 2026.

This statement has been translated into English for informational purposes. In case of a discrepancy between the Turkish and the English versions of this disclosure statement, the Turkish version shall prevail.

We proclaim that our above disclosure is in conformity with the principles set down in “Material Events Communiqué” of Capital Markets Board, and it fully reflects all information coming to our knowledge on the subject matter thereof, and it is in conformity with our books, records and documents, and all reasonable efforts have been shown by our Company in order to obtain all information fully and accurately about the subject matter thereof, and we’re personally liable for the disclosures.
